Learning Goals and Objectives:

This course presents the beginning-level curriculum of Italian language, geography, and culture. Each day you will be involved in a broad variety of assignments and activities that aim to build proficiency in listening, speaking, reading and writing, and an ever broader knowledge of culture in its many facets. If you study and participate in class, by the end of this course you will be able to:

- (1) listen to and comprehend more complex, first-year audio and video texts;
- (2) speak in the present, past, and future tenses with accuracy and fluency, employing basic conversational strategies to ask and answer questions with complete sentences and tell short and simple stories;
- (3) read gradually more complex and varied first-year Italian language texts from a different sources (textbooks, literary excerpts, newspapers, websites, magazines, etc.);
- (4) write in Italian with accuracy and coherency using your growing vocabulary and knowledge of structures on a range of familiar topics and in different contexts and for different purposes; and
- (5) demonstrate cultural knowledge (facts) and understanding (ability to conduct simple analyses and comparisons) on different topics and issues related to daily living, regional geography, and aspects of Italian high culture as presented and discussed in class.

Our hope is that your enthusiasm and confidence will grow steadily and we look forward to helping you reach these goals.

Important Policies and Information:

1. Attendance

Students are allowed 3* absences, BUT we would prefer that you had none. Daily upkeep and contributions count for a lot in this class. **Each additional absence after 3, unless excused (e.g., illness when accompanied by a medical note or family emergency.), will lower your final grade by 2%.*

It is your responsibility to provide the medical note to your instructor within a week of your absence. The note must state that you were unable to attend class due to illness. We will not accept long term medical certificates unless they were processed by the Office of Disability Services for Students and delivered within two weeks from the beginning of the semester.

*In **evening sections** the absences allowed are 2.

*If you miss a class it is **your** responsibility to obtain homework assignments and notes from classmates.

Lates. Of course, we prefer you come late than not at all (*meglio tardi che mai*), but three lates equal one absence.

2. Final exam policy:

A student who:

- a) has **NO MORE THAN ONE** absence, and
- b) earns an average grade of 90% or higher on all three unit exams

will have the option to be excused from taking the final exam. Students who earn and choose this option will be awarded a grade equal to the average of his/her three unit exam grades on the final exam, they must attend the class until the last day of the semester and do the final review.

If you decide to take the final exam you will get the grade that you earn on it no matter if it is higher or lower from the average of three unit exams.

3. Make-up Assessments

Make-up exams, quizzes, or other assessments. There will be no make-up exams or quizzes, except in extraordinary cases (e.g., illness accompanied by a medical note, family emergency, etc.).

4. Cutting and Pasting & Google Translator

Cutting and pasting from any website without proper bibliographical citation—even a two- or three-word phrase—is considered plagiarism. Please do not even attempt this; it too will be considered an infraction of the University Honesty Policy. See your teacher right away if you

have difficulty expressing in Italian what you would like to say in your *componimenti* or *presentazioni*.

Google Translator or any similar translation tools (human or electronic source) are **NOT PERMITTED** for any aspect of our courses and any evidence that they have been used will be considered an infraction of the University Honesty Policy (resulting in a “0” for the assignment and formal university consequences). Please do not even attempt this. It’s just not worth it.

5. Class participation

Class preparation and participation are VERY IMPORTANT components of this class and will help you to maximize your ability to communicate in Italian. Class participation is going to help you to be successful during your final oral interview.

Grading of class participation	
“A” student (90-100%)	Initiates interaction, volunteers and participates actively in discussions and group activities. Uses only Italian for asking/answering questions, in class discussions and group activities. Is <i>always</i> prepared, answers readily when called upon.
“B” student (80-89%)	Participates actively in group activities, but passively in discussions. Occasionally resorts to English, but only uses Italian for asking/answering questions, in group activities and class discussions. Is <i>almost</i> always prepared, usually answers when called upon.
“C” student (70-79%)	Participates more passively than actively in group activities and discussions. Often resorts to English and is often not prepared for class, sometimes unable to answer.
“D” student (60-69%)	<i>Rarely participates in group activities and class discussions, and is generally unprepared for class. Speaks mostly English and is mostly unable to answer.</i>

6. Homework

Homework will be assigned every day and will include activities from the *Supersite*. *Supersite* work is worth 14% of your final grade and it is essential to complete the homework in order to be successful in this class. The computer graded assignments are for credit only and they will constitute 70% of your grade; the instructor graded activities will be for a grade and they will constitute 30% of your grade. We reserve the right to reset any activities if we notice that you do not put your best effort into your work. For each day after the due date you will lose 10% of the grade for the late assignment.

7. Canvas Quizzes

You are expected to prepare and review the topics indicated under the *In classe* column before coming to class. Watch the lectures that introduce the material (Canvas: Pages) prior to coming to class and take the quiz regarding the lecture. This daily assignment is KEY to your success in this course! 12.5% of your final grade is your daily preparation. **Canvas quizzes on lectures** must be done in timely fashion since they constitute an essential part of your daily preparation. This is why you will get 20% less on your quiz for each day you are late submitting it. After five days you will get 0%.

8. Oral Exams

Your midterm oral exam is a videodiary and your final oral exam is an interview with your instructor and another student. Your instructor will announce and explain all relevant information at the appropriate time. You must practice speaking in class every day in order to be successful during your final oral interview which is worth 13% of your final grade.

9. Writing Assignments

At least two of your writing assignments will be compositions of different genres (letters, stories, descriptions, etc.) to be completed during class time on writing workshop days. Your instructor will help you prepare and provide more specific guidelines when the day draws near. Your final writing assignment will be a collaborative project with one or more classmates to be presented also orally before the end of the term. All writing assignments involve a rewrite and resubmission phase, unless you receive an A (93 or higher) on the first draft, in which case rewrites are voluntary. Your *componimento* will be worth 40 points and your *revisione* will be worth 10 points. Failure to turn in *revisione* will result in a 0 for 1/2 of each assignment's grade.

10. Co-Curricular Activities / Cultural Events in Italian at IU
